PROFILE INFO

My name is Pablo Eduardo Diaz I am 22 years old, I started programming at the age of 14. I study Software Engineering at the Technological Institute of Santo Domingo (INTEC). I like to work in a team to solve problems and I love to learn new things.

WORK EXPERIENCE

Developer   **09/2017 - 07/2019**
Cesar Almonte Desing & Consulting

Billing system creator. System maintenance. Data analyst.

Backend Developer   **02/2023 – Now**
Novosit

I performed tasks such as creating new features in which I made endpoints using express, also implementing the visuals with React, as a design system I have gestalt as a reference, but I have no problem with using another one. I also bug fix problems with applications like docker, postman, and rabbitmq.

TI   **07/2019 - 10/2019**
CONSEJO NACIONAL DE DROGA

Auxiliary database manager, maintenance of electronic equipment (cell phones, laptops, desktop computers, telephones, printers). Sales system creator.

MY SKILLS & EXPERTISE

C#   JavaScript / TypeScript

PHP   SQL

Linux   Docker
